

THE AI CLIENT RESEARCH SYSTEM THAT MAKES EVERY PITCH FEEL PERSONAL

The 8-Step AI Client Research Workflow

Find Company

Understand Business

Identify Products & Services

Research Audience

Analyze Competitors

Find Pain Points

Discover Opportunities

Write Personalized Proposal

This workflow works for freelancers, agencies, consultants, and service providers.

STEP 1 — Understand the Business

Prompt

You are a senior business analyst.

Research the following company using the information I provide.

Company Name:

Website:

LinkedIn:

Industry:

Summarize:

- What the company does
- Main products/services
- Business model
- Target customers
- Market positioning
- Key strengths

Present everything in simple bullet points.

Example

Input

Company:

ABC Marketing Agency

Website:

<https://abcagency.com>

Output

Industry:

Digital Marketing

Services:

SEO

Google Ads

Brand Strategy

Target Customers:

Small Businesses

Business Model:

Monthly Retainers

Strength:

Performance Marketing

STEP 2 — Find Their Ideal Customer

Prompt

Based on this business information,

identify the company's ideal customer.

Include:

Age

Industry

Business Size

Goals

Biggest Problems

Buying Motivation

Communication Style

Summarize as an Ideal Customer Profile.

Example

Output

Small business owners

Age 28–45

Need more leads

Limited marketing budget

Want measurable ROI

Prefer practical solutions

Now you know exactly who they're trying to serve.

STEP 3 — Discover Business Pain Points

Prompt

Act as a business consultant.

Analyze this company.

List the top 10 likely business challenges they face.

Prioritize by business impact.

Explain why each problem matters.

Example output

Low lead generation

Poor conversion

Weak SEO

Inconsistent content

No email automation

Slow website

High ad costs

Poor customer retention

Limited analytics

Weak social presence

STEP 4 — Analyze Their Competitors

Prompt

Compare this company with its competitors.

Identify

- Competitors
- Competitive advantages
- Weaknesses
- Missing opportunities
- Areas for differentiation

Return the findings in a comparison table.

Now you understand where your services can help.

STEP 5 — Audit Their Website

Prompt

Act as a UX, SEO, and conversion expert.

Review this website.

Evaluate:

Homepage

Messaging

Call-to-action

Navigation

Design

Mobile experience

SEO

Speed

Trust signals

Suggest the top 10 improvements.

This instantly gives you personalized talking points.

STEP 6 — Review Their Content Strategy

Prompt

Analyze this company's online content.

Review:

Website

LinkedIn

Instagram

Facebook

YouTube

Blog

Identify:

Posting frequency

Content themes

Missing content

Engagement opportunities

Content gaps

Return actionable insights.

Perfect for content writers and marketers.

STEP 7 — Find Opportunities You Can Mention

Prompt

Based on everything we've analyzed,

identify 10 opportunities where my services could create value.

For each opportunity explain

Current problem

Potential improvement

Expected business outcome

Rank them by impact.

Example

Improve landing pages

Increase conversions

Optimize SEO

Automate email campaigns

Improve LinkedIn branding

Speed optimization

Customer onboarding

Analytics dashboard

Content calendar

Lead nurturing

Now your proposal becomes highly relevant.

STEP 8 — Write a Personalized Proposal

Prompt

Using the client research below,

write a personalized freelance proposal.

Requirements:

Mention something specific about the client's business.

Reference one challenge they may face.

Suggest one practical improvement.

Explain how my skills help.

Keep it under 250 words.

Professional.

Friendly.

Confident.

Avoid sounding generic.

End with a clear call-to-action.

Client Research:

[Paste Research]

BONUS PROMPT — Prepare for a Discovery Call

You are an experienced sales consultant.

Based on the client research,

generate:

15 discovery questions

10 follow-up questions

5 objections they may raise

How to respond professionally

Potential upsell opportunities

Present everything in a structured table.

BONUS PROMPT — Build a Client Snapshot

Summarize everything we know about this client.

Include:

Business Overview

Industry

Products

Target Audience

Pain Points

Goals

Competitors

Content Strategy

Marketing

Growth Opportunities

Communication Style

Potential Services

Present it as a one-page Client Intelligence Report.
