This framework works for:

- Service Businesses
  - Coaches
  - Agencies
  - Freelancers
  - SaaS
  - Ecommerce
  - Consultants
  - Digital Products
- 

### The AI OFFER Framework

#### Step 1

##### Identify the Real Customer Problem

Most businesses describe their product.

Great businesses describe the customer's problem.

Instead of

We build websites.

Say

We help local businesses generate more qualified leads through high-converting websites.

AI Prompt

You are a customer research expert.

My business is:

[Business]

Target audience:

[Audience]

List:

- Top 20 frustrations
- Top 20 goals
- Biggest buying fears
- Biggest hidden desires

Return as a table.

## **Step 2**

### **Transform Features Into Outcomes**

Customers don't buy features.

Customers buy outcomes.

Bad

✓ 10-page website

Good

✓ A website designed to convert visitors into paying customers.

AI Prompt

Convert every feature of my offer into customer outcomes.
